As we turn the calendar on another month and as we slowly approach those nice cool fall days, I am excited where we are at as a club. Membership continues to rise and rounds of golf couldn't be higher. Thank you to everyone for making this possible. I encourage everyone to reach out to some of our new members and make them feel like part of our family here at Lone Pine.

Bandit News

You don't stop playing golf when you get old, you get old when you stop playing golf.

First of all, I need to look back to the Bandit accomplishments in July. On the 7th Gary Thornburg had a Hole-in-One on number 2 while wearing two different shoes. Tom Phalin and Gary Froelich moved to the semi-finals of the Lone Pine Match Play Championship. Good luck guys. Bandits also took both the Low Net and the Low Gross in the 70s and 80+ flights in the Vernon C. Neal Senior Club Championship. Congrats to Gary Froelich, Gary Thornburg, Andy Carrigan and George Rose. I should also mention that Andy shot a 74 during Bandit play on the 25th. It is hard to believe the Bandits only have 12 more playing dates till our Closing Day of September 15th. Hopefully, August will be kind to us and allow us to get all these dates in. Looking forward to the hard fairways adding a few needed yards to our drives. As always, we are looking for more members to join our little band. If you are looking for games on Tuesdays or Fridays give me a call, (919) 244-6980.

From the office:

Hello there everyone! We have had an incredible year here so far and that is thanks to all of you! We look forward to having a great rest of the summer and a great fall. As we move through the rest of the year, we ask that if you have comments or concerns that you, please bring them to office. Feedback is always appreciated however, please refrain from going to individual departments to address anything. If there are issues that need to be addressed, please let us know and we can figure out the solution from there. We know that you all love Lone Pine and want it to be the best it can be, and we thank you for that so lets work together in a productive manor to keep improving the club we all love!

Thank you,
LP Office

“From the Kitchen”

Hello,

August is here and I can hardly believe it; summer really is flying by. It seems like just yesterday that I was excitedly writing about how it was June and warm weather was on the horizon, yet here we are, August. Before we know summer will be gone, the autumn winds will be upon us, and the leaves will be turning, but before any of that good stuff happens we have at least one more month of sweltering temperatures and high humidity, isn't August fun? Here at the club, we have a few exciting events going on this August, not least of which is the Elaine Reiner Memorial Golf outing on Friday August 4th, the Grill Room will be closed all day for this event. We will also have a hit & giggle in August, but it will be a bit different this time. We will be having a cookout on the patio following the hit & giggle. This will take place on Friday the 11th and as always, all non-participating members are welcome to come up and join the cookout! Other than that, there is not much going on during the dog days of summer, enjoy it while you can and try your best to stay cool out there. If you need anything from me, feel free, you know where to find me.

Best,
Jordan

“From the Course”

We are scheduled to begin aerification August 13th and expect to be finished by the 15th. This is, of course, dependent upon the weather and any changes made will be communicated to everyone.

We will be pulling a ½ core from the greens and filling those holes with sand. While this may be a minor inconvenience to play; it is the most important thing that we can do to maintain the integrity and quality of our greens. Our goal is to have the greens completely healed within 14 days. We appreciate your understanding and patience with us while taking on these projects.

As always, continue fixing those ball marks and filling the fairway divots with sand. Keep in mind that if you take a larger than normal divot to leave the divot out and fill that hole with sand.

Golf Course Superintendent**
